

Downloading Minitab 15

Minitab, version 15 is available for free (for the PC) from your my.calpoly account. The new license only recently became available so there are actually a few extra steps to the process.

1) From my.calpoly.edu, click on the Technology tab. Scroll down to the Software Download Channel and select Windows. Here you should see Minitab 15.1.20 listed. Click **Download** (the second line) and this will download Minitab 15.

4) Next press Install, and the files will self-extract into a folder. It's not crucial where this folder is located, but you should keep track of where it is. It may be easiest to put it on your Desktop.

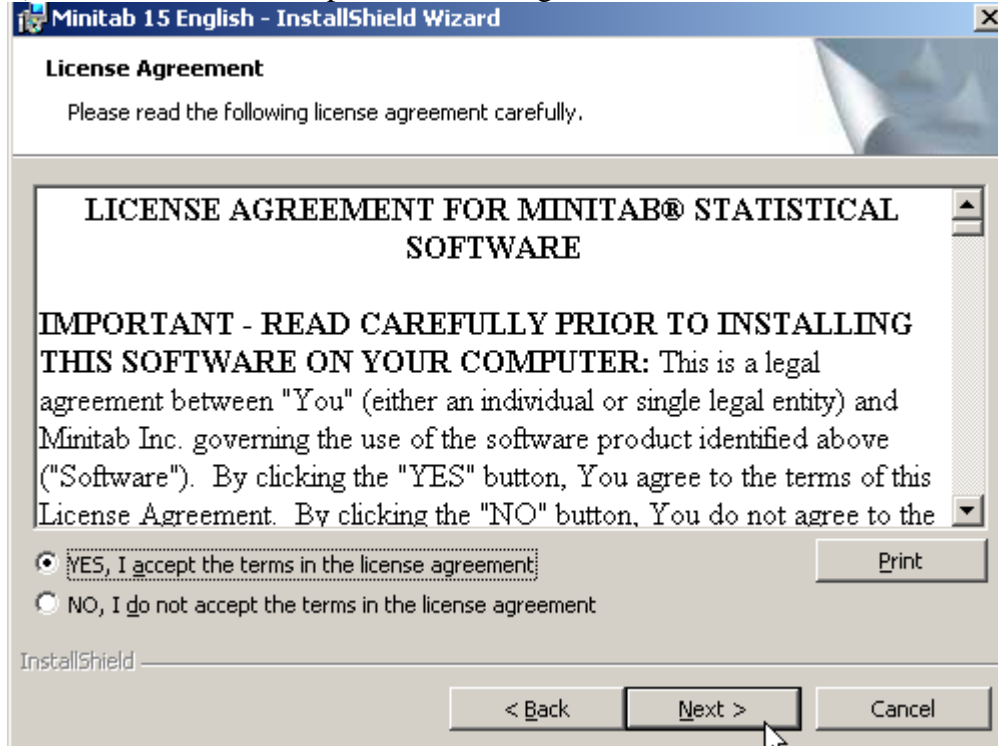

5) Then go into this folder and double click on the setup.exe file.

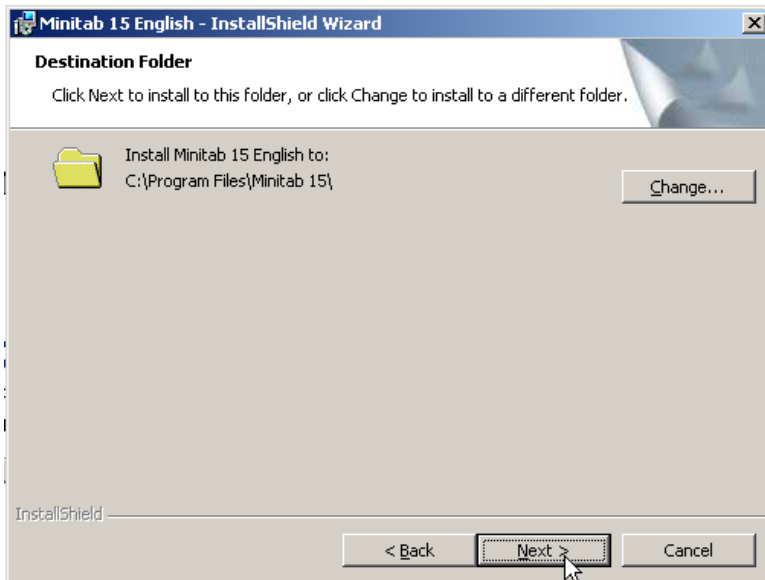

The Install Wizard for Minitab 15 should appear:

6) Click Next, then Accept the License Agreement, then click Next

And click Next again

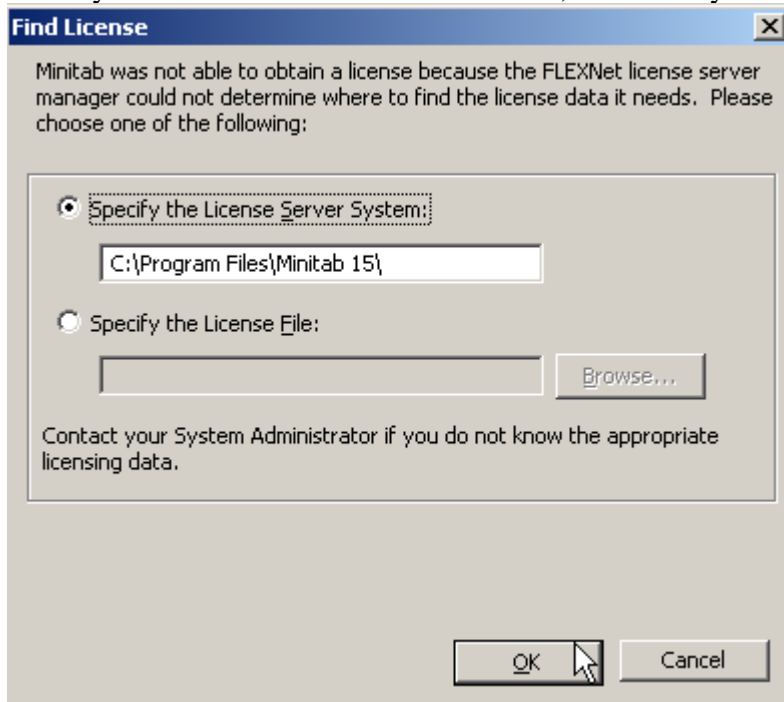

7) I recommend placing this Minitab 15 folder into your Program Files folder. Click Next and then Install. A few minutes will pass again. When prompted, click Finish.

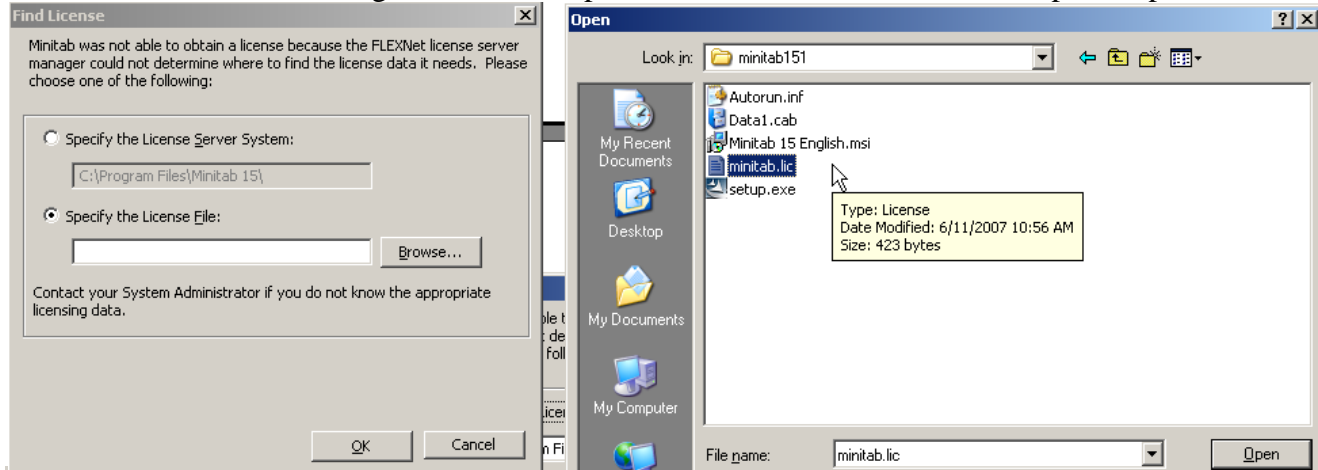

8) You should now be able to click Start > All Programs > Minitab Solutions > Minitab 15:

When you launch Minitab for the first time, it will ask you about the License:

9) You should select the second radio button (“specify the license file”) and then browse to the first folder that was created during this download process and select “minitab.lic” and press Open.

10) The path name should now appear in the Specify the License File box. Press OK and Minitab 15 should be up and running.
